A Labyrinth Walk Preparing for Fall

LNN has planned a garden walk to ease the transition of saying good-bye to summer and hello to fall. This labyrinth, located in Portland's West Hills, is a beautiful classic design created with plants. Take a moment out of your schedule and come walk with us. There will be time to journal and socialize with other labyrinth aficionados. The event is free, but donations will be accepted to help fund the LNN website.

To register and obtain further information, email

Because this is a private residence, the street address for the labyrinth will be sent to you after you register.
