WALKING INSTRUCTIONS

There is nothing to learn in order to walk a labyrinth; just put one foot in front of the next, but there is a suggested three-stage form that is helpful for first time walkers.

The first stage, the path into the center, is sometimes called Release; letting go of what is burdening us or causing confusion, anxiety or lack of clarity.

The second stage, the center, is called Illumination; the time to be receptive and open to Spirit; like an empty, crystal bowl.

The third stage is called Union: unifying all that we have learned and received within ourselves and sharing this with our families and communities.

These stages aren't static — release, communion, and union can happen at any point, at any time on the labyrinth and for days, weeks and months afterwards.

Walking a labyrinth with other walkers is a dance. Walk at your own pace, walking around those in front of you who are walking more slowly or have stopped to meditate. When two people meet going in opposite directions, each steps aside and comes back on the path they were on before.

Gently weaving in and out, the labyrinth is a metaphor for our lives and what comes up for us as we meet and pass others very often mirrors our experiences in the outside world. Drink plenty of water afterwards to balance and ground the energy.

WORLD LABYRINTH DAY

Saturday, May 5, 2012 "WALK AS ONE AT 1"

Be part of a rolling wave
of peaceful energy
as the earth turns.
Walk a labyrinth at 1 PM in your time zone.

World Labyrinth Day, a project of The Labyrinth Society, is a day designated to bring people from all over the planet together in celebration of the labyrinth as a symbol, a passion, a practice and a tool for healing and peace.

Sponsored in the Portland, Oregon area by Labyrinth Network Northwest
